1. Passport plan development OP bachelor's degree 6B09103-"Veterinary"

1	Basefor development	Strategic plan University name Shakarim on 2021-2025gg. Plan work faculty
2	Timing implementation	2023-2028
3	Expected result simplementation	-providing educational services at the level of world educational standards that ensure the competitiveness of graduates in the labor market; -training of intellectually developed, creative specialists by integrating the educational process, scientific research and innovation; - training of qualified and competitive personnel for agriculture in accordance with the requirements of national and international standards

2. Analytical substantiation of the EP

2.1 Information about the educational program

The educational program is developed in accordance with the National Qualifications Framework and professional standards, in accordance with the Dublin Descriptors and the European Qualifications Framework. The typical term for mastering the educational program of a bachelor's degree is 5 years.

OP "6V09103-"Veterinary" was developed by the Academic Committee

Considered at a meeting of the Commission for Quality Assurance of the Faculty of Veterinary Science and Agromanagement (№ 4.1 dated April 06, 2023)

Approved at a meeting of the Academic Council of the University (№ 8 of April 25, 2023).

The main criterion for the completion of the educational process is the development of at least 300 credits, with the award of the degree of specialist in veterinary medicine in the specialty "6B09103 - Veterinary Medicine". Qualification: Veterinarian.

The uniqueness of the educational program 6B09103 "Veterinary" lies in the fact that in terms of the structure, logic of training and components of disciplines, it is consistent with the study programs of the leading national universities of Kazakhstan, which will contribute to the training of specialists adapted to the requirements of regional labor markets in Kazakhstan. Providing international educational cooperation with partner universities, providing for the possibility of developing intercultural communication, obtaining new knowledge and information, exchanging experience in scientific research, implementing joint scientific and educational projects, and student mobility.

The uniqueness of the EP allows you to create conditions for the comprehensive development of the personality of a future veterinary specialist with stable professional competencies, as well as the ability to develop social partnership and entrepreneurship.

2.3 Internal and external conditions for the development of the EP

The teaching staff of the department is regularly engaged in the release of educational and methodological literature in the state language on the OP "Veterinary". The educational portal of the university also presents educational materials of disciplines in electronic format in the Kazakh language.

Professional practices of students are carried out in accordance with the approved end-to-end program of practices and generally meet the qualification requirements for training specialists in this field.

Issues of vocational training, professional practice and employment of graduates are resolved at the department with the obligatory participation of employers. Every year, round tables are held at the department, in which heads and representatives of city and district akimats, agricultural enterprises take part. The department organizes meetings with graduates-employers, seminars with practitioners.

According to the agreement between universities, students OP 6B09101-veterinary medicine of the 4th year of YersInsiyz A, Amankeldi A, kanagatkyy A plan to study on external academic mobility at the Caucasus University of the city of Kras, Turkey, on internal academic mobility students of the 3rd year OP 6V09103-Vertinary Akantayeva K, Erbolatova A. A. in NJSC "Kazakh Agrotechnical Research University named after S.Seifullin". And we are also planning academic mobility of the teaching staff of the department with the Kazakh Agrotechnical Research University named after S.Seifullin.

The Veterinary Department cooperates with the Research Institute of Veterinary Medicine under the Ministry of Agriculture of Azerbaijan, St. Petersburg State University of Veterinary Medicine, Caucasus University of Kras, Turkey, Omsk State Agrarian University.

In the 2024-2025 academic year, according to the OP, the Department of Veterinary Medicine is planning dual education for 4th year students.

Sociological surveys are conducted annually with graduates of the University, "On working conditions and the quality of management of the educational process at the State University named after Shakarim", "Population, employers of Semey on the quality of education and the demand for specialists, incl. State University named after Shakarim", "Teaching staff on

readiness and problems in updating the OP". During the monitoring, the results were obtained in the form of the opinion of the inhabitants of the region about the competencies of graduates of the State University named after Shakarim in Semey, including the educational programs of the educational department "Veterinary Medicine". The results of the study will be aimed at further improving the system of competencies of the above educational program.

1.2 Intelligence teaching staff, implementing an educational program

No	Indicators	Unit and sm.	2023-2024 Training year	2024-2025 Training year	2025-2026 Training year	2026-2027 Training year	2027-2028 Training year
1	Share of teaching staff with a degree in EP	%	79	80	80	80	85
2	Including the share of teaching staff with a scientific degree in the OOD cycle	%	69	70	70	70	72
